

# Home Learning Activities

## Rabbit Class 15.6.2020

Hello Rabbits! Here are some more 'Castle' activities for you to do with your grown-ups at home this week.

Each activity should take no more than 20 minutes and spread them out over the whole week.

You can always finish the activity or have another go at it later on in the week if you wish.

**Remember to have fun!**

Remember to send photos and videos to me via Class Dojo!

Here are some more activities for you to try this week:

### Castles

1. Label a castle - Can you remember the names of the different parts of a castle from last week?

Draw your own picture of a castle and label the different parts. Use your phonics to help you write the words. For example: moat, turret, tower, drawbridge, battlements, portcullis.

2. Mind map - Talk with your family about who you think lived in a castle. Draw pictures on a large piece of paper and use your phonics to write who they are.

3. What did the royals wear? Can you use books and/or the internet to find out?

Draw a picture of a royal and label the clothes they are wearing.

### Cinderella

4. Who were the characters in the story? Talk to your family about them. What did they look like? What are they like? For example: mean, kind, helpful, grumpy

5. Look at the pictures of Cinderella in the story from last week. Can you think of some words to describe her?

### Phonics

6. Rhyming words paperchain. Make some strips of paper. Pick a cvc word from the list below or make up your own and write it on one strip. How many more rhyming words can you think of? Write each word on a strip of paper then turn it into a rhyming paperchain!

cat  
log  
bun  
win  
ten

ran  
hop  
mug  
dig  
pin

7. Rhyming game - **See attached sheet** - You will need the game board, a dice and some counters to move around the board. When you land on a square, read the word and shout out a word that rhymes with it.
8. Real or fake words? Play Dragon's Den (Phase 2 all sounds, Phase 3 set 1-6 & Set 1-7 plus constant digraphs) <https://new.phonicsplay.co.uk/resources/phase/2/dragons-den>

## Maths

9. Taking away/subtraction. Remember the objects and stories you used to help with your taking away last week? Have another go at this activity but this week write a number sentence to match what you have done. For example:  $5 - 3 = 2$ . Can you read the number sentence to your grown-up? Repeat using different amounts of items up to 10.
10. Recognising numbers - can you make some number cards with all the numbers to 10 or 20 on? Ask a grown-up to mix up your numbers. Pick a number and say the number name.
11. 1 less hide and seek - Hide the number cards you have made around your house or garden. When you find a number say the number that is 1 less. Don't forget to go backwards!

## PE

12. Go on an under the sea adventure with Andy!  
<https://www.bbc.co.uk/iplayer/episode/p06tmn51/andys-wild-workouts-series-1-1-under-the-sea>
13. PE with Joe Wicks! He has some great videos to watch on YouTube!

## SEAL

14. Discuss with your family - How many different feelings can you think of? Can you remember a time you felt happy, sad, scared, excited, proud, relaxed?

Please remember to upload photos/videos of you completing the activities or of your completed work onto the 'Student Profile' section of Class Dojo for me to see!
