

# Home Learning Activities

## Rabbit Class 22.6.2020

Hello Rabbits! Here are some more 'Castle' activities for you to do with your grown-ups at home this week. Each activity should take no more than 20 minutes and spread them out over the whole week. You can always finish the activity or have another go at it later on in the week if you wish.

**Remember to have fun!**

Remember to send photos and videos to me via Class Dojo!

Here are some more activities for you to try this week:

### Castles

1. Who do you think worked in a castle? Talk to a grown-up about your ideas. Can you use books or the internet to find out some more information?
2. Pretend to be someone who worked in a castle- can your grown-ups guess who you are? For example, you could pretend to do some cleaning like a maid or juggle like a jester.
3. Turn yourself into someone who worked in a castle - if you worked in a castle which job would you do? Draw, paint or collage a picture of you at work in a castle. You could even draw around yourself on a big piece of paper or outside using chalk!

### Cinderella

4. Can you remember the words you thought of to describe Cinderella? Can you write some simple sentences to describe her? For example...She has a blue dress. She has sparkly glass slippers.
5. Keep reading and retelling the story. Which is your favourite part of the story? Why?

### Phonics

6. Play the Tractor Sounds game. To make the game harder you could try to think of a word that starts with or has the sound in that you land on. See attached sheet.
7. Silly sentences - Can you match the pictures to the silly sentences? Can you make up your own silly sentence? See attached sheet.
8. Play the 'Fishy Phonics' game on the Phonics Bloom website.

<https://www.phonicsbloom.com/uk/game/fishy-phonics?phase=2>

### Maths

9. Capacity - Grab some different size containers (egg cup, beaker, plastic bottle, pots and pans). Fill up your containers with water in a sink, bucket, bath or even a paddling pool! Use words like full, empty, half full, half empty, nearly empty to talk about how much water is in your containers. Which container holds the most water? Which container holds the least water?

10. Play a taking away game (Working out the answer within 5 or 10).

<https://www.topmarks.co.uk/Flash.aspx?f=TakeAway>

11. Recognising numbers - use your set of number cards from last week. Ask a grown-up to hide the numbers around your house or garden. When you find a number shout the name. When you've found all the numbers see if you can put them in order from 0-20.

## PE

12. Go on an African adventure with Andy!

<https://www.bbc.co.uk/iplayer/episode/p06tmn8z/andys-wild-workouts-series-1-2-african-savannah>

13. PE with Joe Wicks! He has some great videos to watch on YouTube!

## SEAL

14. Talk to your grown-ups at home about what you could do to cheer someone up if they felt sad. What can you do to make yourself feel better when you feel sad?

Please remember to upload photos/videos of you completing the activities or of your completed work onto the 'Student Profile' section of Class Dojo for me to see!
