

Dear Parents/Carers,

Here is a weekly timetable with home learning activities for you to complete with your child this week. The timetable is a tool to help you and your child structure your home schooling day. The timings are a guide so if you want to do English first instead of Maths that's ok, change things around to make them work for you and your child. Please send your child's work in each day using their student portfolio on Class Dojo so your class teacher can give feedback and Dojo points. If you have any questions please send a message using Class Dojo. Have fun!

1.00-2.00 Topic 30-40 minutes each day	New topic: Plants and growth Brainstorm: Write down anything you already know about plants and flowers/What plants can you name/eat/see in your garden/how they grow etc (You could do this inside a big thought bubble) Now write a question/s: What do you want to find out about plants/growing?	Plant hunt Go on a plant hunt and make a list of what you have found. You can draw some pictures of what you find too. If you have a garden, you could draw a simple map and draw/label what plants are where.... What was the favourite plant that you found?	Label a flowering plant. Design/copy and draw a simple flowering plant. Give it some colour and label: Roots, stem, leaf, flower	What are the parts of a plant for? Write a simple explanation of what each part of the plant is for. Or you could rearrange/correct these muddled up definitions...(with a picture for each?) Roots ...attract insects to the plant Flower ...holds the plant up straight. Leaf ... Sucks water up from the soil and holds the plant up Stem makes food for the plant	Art: Look at Vincent Van Gogh's Sunflower paintings. (I will post a picture) Create your own sunflower picture in the style of Van Gogh. You can use, pencil crayons, wax crayons, paint...anything you like (or have at home!)
