

Dear Parents/Carers,

Here is a weekly timetable with home learning activities for you to complete with your child this week. The timetable is a tool to help you and your child structure your home schooling day. The timings are a guide so if you want to do English first instead of Maths that's ok, change things around to make them work for you and your child. Please send your child's work in each day using their student portfolio on Class Dojo so your class teacher can give feedback and Dojo points. If you have any questions please send a message using Class Dojo. Have fun!
